PERSONAL PROJECTS

In order to continue my learning, acquire new knowledge and show what I have learned, I have been developing projects in which I use React, JavaScript, HTML, CSS and Python.
All these projects can be seen on my github profile:
- https://github.com/antoniovar

Or in my portfolio which has also been developed by me:
- https://antoniovar.github.io/Portfolio/

EDUCATION

School of Computer Science and Engineering Malaga
Degree in Bioinformatics Engineering
2017 – 2022
